## EUROPAN Vejle - invitation to a workshop

We would like to thank you very much because you have made an entry for the EUROPAN competition in Vejle. We know that you have spent plenty of hours to make your entry.

It is very interesting for us to see a lot of possibilities for developing Dalbyen as a campus area. Therefore we will like to invite you to a workshop where all the participants are invited.

Just now all the entries are in an exhibition in Danish Architecture Center in Copenhagen as you might know.

The Municipality of Vejle is also going to make an exhibition in Vejle with all 14 entries for Vejle. It will take place in Økolariet ( [www.okolariet.dk](http://www.okolariet.dk)) from February 9.th to March 15.th.

We would also like to publish your entry at our web site, and we would like to ask you if it is OK.

Unfortunately the jury has not elected any prizes among the Vejle entries. But we think that there are many good ideas in all the entries, so that's why we would like to invite all the participants to a workshop here in Vejle.

**We propose Thursday March 13. from 9 am. to 5 pm.  
Please see program and all the names of the participants in EUROPAN Vejle.**

We would like to hear if you are interested to take part in the workshop. Unfortunately we cannot pay for transport, but we can offer a hotel for 1-2 people.

Please send an answer as soon as possible and best before Wednesday February 5. th.
